## GPS Coordinates

### Coordinates of an address

To find the **coordinates** of an address or a place, fill the **address** field and click on "Get GPS Coordinates" to display its latitude and longitude. The **coordinates** are displayed in the left column or directly on the interactive map. You can also create a free account to access Google Maps coordinates.

### Find an address from its GPS coordinates

**Address from decimal coordinates:** fill the decimal GPS coordinates and click on the corresponding "Get Address" button.  
**Address from sexagesimal coordinates:** fill the sexagesimal GPS coordinates and click on the corresponding "Get Address" button.

### Map coordinates of any GPS location

Click directly on the map to get the **address** and the GPS coordinates of any **GPS location**. The **map coordinates** are displayed on the left column and on the map.

Address

Ghaziabad, India

### Google Maps Driving Directions

Get Google Driving Directions ([/google-maps-driving-directions](#)) or directions for any mode of transportation: driving, bicycling, transit or walking.

### What is my location?

We opted to center the map on your current location when possible, using the html5 geolocation feature. When available, you can also see your **location address**.  
Where am I? Your location coordinates are provided by your browser, and we can't access them without your consent. We do not keep any record of the location of our users, so feel free to allow the geolocation feature if you find it convenient. Visit this page ([/geolocation](#)) to see how to **enable** geolocation with all major browsers.  
If you don't want to share your geolocation, the map will just be centered on a default GPS location.

### Satellite view

Simply click on the "Satellite" button on the map to switch to the Map Satellite view of the chosen GPS location.
